The model **SMOOTH** is a lightweight clog in EVA, that can be used in many aspects in the healthcare. Thanks to the closed front of the shoe, your feet remain always dry.

This model is chemically sterilisable and UV sterilizable. It is also machine washable at 40°C.

The rubber outsole is slip resistant and provides excellent grip, both on wet and dry floors.
Smooth

CE-standard
CE EN 20347 certified.

Washable at 40° C

Chemical and UV sterilizable

Not suitable for autoclave
Attention: this model can not be sterilized in an autoclave.

Schock absorbing
The midsole in EVA guarantees shock absorption.

Ethylene vinyl acetate (EVA)
The shoe is made of EVA, this material is water proof, antibacterial and antifungal. It is very light, flexible and deformation resistant.

Anti-static ESD
The shoe features a plug that improves the dissipation of static electricity and meets the ESD standard.

Slip resistant SRC
The rubber outsole provides excellent grip, both on wet and dry floors and complies with the SRC standard.
